Lake Joondalup Baptist College

### **Acknowledgement to Country**

**I respectfully acknowledge the past and present traditional owners of this land on which we are meeting, the Moroo people. It is a privilege to be standing on Noongah country. I also acknowledge the contributions of Aboriginal Australians and non-Aboriginal Australians to the education of all children and people in this country we all live in and share together – Australia.**

The above acknowledgement is to be spoken at all secondary and primary assemblies and at all official events such as Graduation, Secondary Awards and Primary Awards. It is customary for the Principal or his/her delegate to begin proceedings for such events by first speaking this acknowledgement.
